

CONTENTS

EXECUTIVE SUMMARY	Immediately after CONTENTS
Chapter 1. PURPOSE AND NEED.....	8
1.1. Introduction.....	8
1.2 Project Summary.....	9
1.3 Purpose and Need	17
1.3.1 Applicant's Purpose and Need.....	17
1.3.2 The Department of Energy's Purpose and Need.....	22
1.3.3 Purpose of Environmental Assessment.....	23
1.4 Detail of Proposed Project	24
1.4.1 Purchase and Use of Citizens' Communications Transmission Assets.....	24
1.4.2 Mosher's Tap to Irasburg 115/48kV Double Circuit Build.....	27
1.4.3 Highgate Expansion	28
1.4.4 Improvements at Other Substations	30
1.5 State Proceedings	31
Chapter 2. PROPOSED ACTION AND ALTERNATIVES	33
2.1 Proposed Action.....	33
2.1.1 Proposed Route	34
Irasburg to Mosher's Tap.....	34
Description of Preferred Alternative Route	36
2.1.2 Line Design Specifications and Support Structure	38
Irasburg to Mosher's Tap.....	38
Highgate Line.....	41
Substation Design	44
Irasburg	44
St. Johnsbury	45

Highgate.....	46
St. Albans.....	49
2.2 Alternative Routes for the Double-Circuit Line from Mosher's Tap to Irasburg.....	50
2.2.1 Alternative Route Options	50
New Corridor Alternative:	52
Partially New Corridor:.....	54
2.3 Comparison of the Proposed Route (Preferred Alternative) and Alternative Routes.....	55
2.4 Alternative Line and Substation Designs.....	56
2.4.1 Alternative Conductor and Pole Size.....	56
2.4.2 Undergrounding the Transmission Line	61
2.4.3 Alternative Substation Designs.....	62
2.4.4 Comparison of the Proposed Design and Alternative Designs.....	63
2.5 Alternatives to the Proposed Project.....	64
2.5.1 The No Action Alternative.....	64
2.5.2 The Generation Alternative.....	66
2.5.3 The Conservation, Fuel Conversion, Demand-Side Management Alternative.....	68
2.6 Construction Activities	70
2.6.1 Transmission Lines	70
a. Surveying Activities.....	71
b. Right-of-way Clearing and Maintenance Practices	71
c. Access-Road Construction	72
d. Pole Installation	73
e. Framing and Stringing.....	74
2.6.2 Substations	75
Irasburg and St. Johnsbury.....	76
Highgate.....	76
St. Albans.....	77
2.6.3 Schedule.....	77
 Chapter 3 AFFECTED ENVIRONMENT	79
3.1 Climate, Meteorology, and Air Quality	79
3.1.1 Climate	79

3.1.2 Meteorology	80
3.1.3 Air Quality	81
3.2 Land Features And Use.....	83
3.2.1 Topography, Seismicity, Bedrock Geology and Soils	83
Topography	83
Seismicity.....	84
Bedrock Geology and Soils	85
3.2.2 Agriculture	88
3.2.3 Forest Resources	90
3.2.4 Earth Extraction	91
3.2.5 Recreation	92
3.2.6 Residential, Commercial and Industrial.....	94
3.2.7 Airports, Navigation, Training Areas, Public Facilities and Other Land Uses.....	97
3.3 Hydrology, Water Quality And Water Use.....	98
3.3.1 Surface Waters	98
3.3.2 Flood Waters.....	101
3.3.3 Ground Water and Water Supply.....	102
3.3.4 Wetlands	103
3.3.5 Water Quality.....	105
3.4 Ecology	106
3.4.1 Vegetation/ Flora	106
Flora - Terrestrial/Uplands.....	106
Flora - Aquatic/Wetlands and Waterbodies.....	109
3.4.2 Wildlife	111
Wildlife-Terrestrial/Uplands.....	111
Wildlife - Aquatic/Wetlands and Waterbodies	112
3.4.3 Rare and Endangered Species.....	114
Threatened and Endangered Plants.....	114
Threatened and Endangered Wildlife	116
3.4.4 Natural Areas	118
3.5 Socioeconomics	120
3.5.1. Institutional Setting.....	120
3.5.2. Population	122

3.5.3. Employment and Economics	124
3.5.4 Housing.....	127
3.5.5 Transportation.....	128
3.5.6 Public Concerns	130
3.6 Visual Resources.....	132
3.6.1 Landscape of the Study Area	132
Caledonia and Orleans Counties (St. Johnsbury, Coventry, Irasburg and Newport)	132
Franklin County (Highgate and St. Albans)	132
3.6.2 Corridor Landscape Description.....	133
3.7 Cultural Resources	134
3.7.1 Prehistoric Sites	134
3.7.2 Historic Sites.....	138
3.7.3 Paleontological Sites.....	140
 Chapter 4. ENVIRONMENTAL IMPACTS.....	142
4.1 Climate, Meteorology, and Air Quality	142
4.1.1 Air Quality	142
4.1.2 Land Features and Use.....	149
Geology and Soils	149
Geology	149
Soils.....	150
Agriculture	153
Forest Resources	155
Earth Extraction	156
Recreation	157
Residential, Commercial and Industrial.....	158
Airports, Navigation, Training Areas, Public Facilities and other land uses.....	160
4.1.3 Hydrology, Water Quality and Water Use.....	160
Surface Waters	160
Flood Waters	162
Ground Water and Water Supply	162

Wetlands	163
Water Quality.....	164
4.1.4 Ecology	166
Flora - Terrestrial/Uplands.....	166
Flora - Aquatic/Wetlands and Waterbodies.....	167
Wildlife	168
Wildlife-Terrestrial/Uplands.....	168
Wildlife - Aquatic/Wetlands and Waterbodies	169
Rare and Endangered Species	170
Threatened and Endangered Plants.....	170
Threatened and Endangered Wildlife	171
Natural Areas	171
4.1.5 Socioeconomic Consequences	172
Population	172
Institutional Setting.....	172
Employment and Economics	172
Environmental Justice.....	175
Housing	176
Transportation.....	177
Public Concerns	178
4.1.6 Visual Resources.....	179
Visual Impact Analysis Criteria.....	179
Visual Impacts along the Proposed Route	181
Visual Impacts at Substations	182
4.1.7 Cultural Resources	184
4.1.8 Health and Safety	189
Substation Environment.....	189
Electric and Magnetic Effects.....	189
Audible Noise	192
Radio and Television Interference	193
Transmission-Line Environment	194
Herbicide Use in Right-of-way Management	198
4.2 Potential Environmental Impacts Of Alternatives To Proposed Project	201

4.2.1	Alternate Designs and Corridors.....	201
	Alternate Design	201
	Alternate Corridors	203
4.2.2	Comparison of Corridor Options	211
4.3	Mitigation Measures	214
4.3.1	Air Quality	214
4.3.2	Land Features and Use.....	214
	Soils.....	214
	Agriculture	215
	Forestry	215
	Recreation	215
	Natural Areas	216
4.3.3	Hydrology, Water Quality and Water Use.....	216
4.3.4	Ecology	216
	Terrestrial.....	216
	Aquatic (including Wetlands)	217
	Threatened and Endangered Species	218
4.3.5	Socioeconomics	218
4.3.6	Visual Resources.....	219
	Irasburg to Mosher's Tap Corridor:.....	219
	Substations	226
4.3.7	Cultural Resources	227
4.3.8	Electric, Magnetic and Noise Hazards.....	228
	Electric and Magnetic Hazards	229
	Noise Hazards.....	229
	Herbicide Use.....	230
4.3.9	Radio and Television Interference	230
4.4	Adverse Environmental Effects; Avoidance and Mitigation	230
4.4.1	Air Quality	230
4.4.2	Land Use	231
4.4.3	Geology and Hydrology.....	231
4.4.4	Forestry and Natural Areas	232

4.4.5	Ecology	232
	Terrestrial.....	232
	Aquatic (including Wetlands)	232
	Floodplains.....	233
	Critical Wildlife Habitat	233
	Endangered Species	233
4.4.6	Health and Safety	233
	Electric and Magnetic Hazards	233
	Herbicide Use.....	234
4.5	Irreversible And Irretrievable Commitments Of Resources	235
4.5.1	Geology and Hydrology.....	235
4.5.2	Ecology	235
	Terrestrial.....	235
	Aquatic.....	237
4.5.3	Socioeconomics	237
	Property Value Impact	237
	Chapter 5 REFERENCES.....	239
	Chapter 6 LIST OF PREPARERS	245
	Chapter 7 APPENDICES	247
	Appendix A: Glossary, Acronyms, and Abbreviations	

NOTE: Appendices B through F are provided on the CD-ROM. They are not included in this printed volume because of the large quantity of material. **The CD-ROM is complete**, with the Executive Summary, the entire EA, and all of the appendices available in Adobe PDF format. If you would like help with the CD-ROM, or require a paper copy of any portion of the appendices, please contact Mr. Peter W. Lind, VELCO, directly at 802-770-6292 or plind@velco.com, or Dr. Jerry Pell, DOE, at 202-586-3362 or jerry.pell@hq.doe.gov, and we will be glad to accommodate your needs.

Appendix B: VELCO Permits and Letters of Approval

Appendix C: Photographs of the Proposed Project, Including VELCO's Preferred Corridor

Appendix D: Additional Reference Documents

Appendix E: Photographs of the Alternative Corridors

Appendix F: Environmental Reference Documents
